

# Zen Foundation Features and Benefits

Zen Foundation offers the following:

## **Drag-and-drop Layout**

*Intuitive arrangement of columns and sections.*

## **Flexible Page and Column Sizes**

*Fine-grained control over display layouts.*

## **Toggles for Page Components**

*Control display of breadcrumbs, page titles, authorship data, labels & likes, and comments.*

## **Brand Designer Controls Everything**

*Seamless branding with color palettes, custom fonts, magic icon & image generation, and beyond.*

## **Navigation with Drop-Down Menus**

*Easy-to-create multi-level drop-down/slide-off menus.*

## **Simple, Well-organized Toolbar**

*Confluence and zen functions at your fingertips, yet out of the way.*

## **Sectional Editing**

*Granular page content eliminates complexity for authors.*

## **Drafts and publishing**

*Experiment and polish your work in private, publish in bulk.*

## **Boost User Adoption**

*Inviting design lowers barriers and draws new users in.*

## **Grow your Knowledge Base**

*Simplified authoring helps knowledge stay and spread within your organization.*

## **Lower Training and Support Costs**

*Reduced complexity lowers the burden on your IT department and help desk.*

## **Eliminate Costly Static Websites**

*Beautiful, powerful, flexible, low-cost alternative to your next traditional website overhaul.*

## **Strengthen Ties to Customers**

*Branded, private portals extend relationship beyond organizational boundaries.*

## **Increase Community Satisfaction**

*Drag-and-drop layouts and visual design tools make contributing fun and rewarding.*

## **Improve Solution Response Time**

*Flexible navigation and reduced complexity lead users quickly to what they need.*

## **Extend Your Online Portfolio**

*Seamless branding creates a natural extension to your existing tools.*

## **Master Page Layout Templates**

*Maintains consistency and simplifies editing.*

## **Better Blogging**

*Intuitive blog navigation and contribution.*

## **Search Engine Optimization**

*SEO support leads the world to your wiki.*
